

Dear Provider,

**Re: Suffolk County Council – Children and Young People’s Activities Unlimited
Service Investment Grants 2026/27**

We are pleased to announce that the application window for the 2026/27 Activities Unlimited Service Investment Grants is now open. These grants are intended to support the delivery of Short Break activities for children and young people with special educational needs and disabilities (SEND) across Suffolk.

To ensure all applications are given full and fair consideration, the deadline for submission is **midnight on Sunday, 26th October 2025**. Applications received after this time, or those found to be incomplete or lacking required supporting documentation, will not be considered.

All applications will be assessed by a multidisciplinary panel comprising Suffolk County Council representatives, parents/carers, and other key stakeholders. Funding decisions will be based on a range of criteria, including:

- Historical levels of customer engagement and uptake
- Unit pricing and overall value for money
- Geographical reach and accessibility of provision
- Responsiveness to the identified needs and preferences of children, young people, and their families
- Alignment with the strategic priorities outlined in the Activities Unlimited “I am Strategy” document.

We are committed to ensuring equitable access to Short Break provision across the county and will prioritise proposals that demonstrate best value and responsiveness to the diverse needs of our SEND community.

Safeguarding Requirements

Successful applicants will be required to complete a Safeguarding Self-Assessment. This will be issued following the panel’s review. If you have previously completed a safeguarding assessment for another Suffolk County Council department, please share your existing submission with us.
