**Telephone:** 01986 892209

**Head of School:** Miss Amy Chambers

**SENDCo/Setting Key Contact:** Ms Julia Gooderham

### **Description of 'Sunflower' Unit:**

The generic unit is set within the main school building and caters for 12 children with Special Educational Needs and Disabilities (SEND) of Reception age through to the end of Key Stage 1. The dedicated and nurturing team comprises of a lead teacher, HLTA and 3 TAs who together have a wide range of specialist experience and knowledge, but who will also undertake targeted CPD to meet the needs of our individual learners. We also work closely with a number of outside agencies, including Special

Education Services (SES), Speech and Language (SALT), Occupational Therapists (OT) and the school nursing team as is needed.

### **Overview of 'Sunflower' Unit:**

The 'Sunflowers' unit sits at the heart of our school, with direct access to a large, dedicated outdoor space and sensory room. The school day begins at 09:00 and finishes at 15:00, with children being transported either by Local Authority taxi or accompanied by their parents/carer. Children arrive at the front office where they are greeted by a member of the team. The children will be expected to wear the Bungay Primary School uniform (more information can be found on our school website: <https://www.bungayprimary.co.uk/>)

The bespoke curriculum is adapted to meet the needs of the individual child and will work on the child's interests, skills and EHCP targets and is created to enable each pupil to reach their full potential. There is a mix of continuous provision and small group/individual teaching. Our Sunflowers flourish and grow, under the guidance of their amazing team of adults.
