Description of Unit

Murrayfield Primary Specialist Unit supports children with communication and interaction needs.

Communication and interaction needs could include difficulties with producing or responding to expressive or receptive language, difficulties with speech sounds, difficulties understanding spoken and other communications from others.

The unit is attached to the main body of the school with independent entrance and direct, controlled, access to the school. There are two main classrooms with additional breakout space and toilets. There is an independent outside area.

Overview

Timing of the day:

The school day starts at 08:50 and finishes at 3:15pm. However, we will review the timings on an individual basis depending on the need and support required. This includes when and where lunch will take place.

Uniform:

Royal blue jumper (with or without school logo), white polo shirt, grey trousers or skirt, black shoes and, white, grey or black socks. For physical education: black shorts, white t-shirt and trainers or plimsolls.

Day to day travel of pupils around the site:

Break time will take place in a dedicated outside area. Lunchtime will take place either in the classroom area, dining room or, if appropriate, the designated outside area.

How will pupils be integrated within the main school?

Pupils will be part of the school community and will participate in whole school activities as and when appropriate, including main school lessons. There will be access to all parts of the school for lessons, including use of the swimming pool where appropriate.

Staffing:

There will be two members of teaching staff with appropriate training relating to the needs of the pupils and four additional adults working with pupils within the unit.
