

Activities Unlimited Short Break Awards – Prorated Amounts

Our Short Break awards work on a pro-rata basis from April to the end of the following March each year. This means that the amount you receive will depend on the following:

- when we receive your agreement form
- when we receive requested supporting documents
- whether your child is due to have their 18th birthday in the coming year.
- When your prepaid card account is set up

The table below shows how much funding you will receive depending on the level of personal budget you are awarded.
