

# Family Services: The Teams and the Education Settings They Support: Academic Year 2024 / 2025

## **SEND Family Services has launched a new portal for applications for Education, Health and Care needs assessments (EHCNA)**

For new requests, we ask that you use the following link to access and complete the new online portal form: [Suffolk Children and Young People's Portal](#)

If you have previously submitted an Early Help assessment or safeguarding referral to us, you will already have an account. If not, you will be asked to create an account the first time you complete a request. You will find guidance on how to complete the new portal form using the link above.

For any EHCNA requests that you are part way through, you can submit these on the existing paperwork by emailing [EHCNArequest@suffolk.gov.uk](mailto:EHCNArequest@suffolk.gov.uk)

For assistance with the portal, you can contact the new EHCNA request team on 01473 263688.

For anyone with a query about a child who has an Education, Health and Care (EHC) Plan please contact:

North: 01502 521516 / [SENDLW@suffolk.gov.uk](mailto:SENDLW@suffolk.gov.uk)

South: 01473 260670 / [SENDSS@suffolk.gov.uk](mailto:SENDSS@suffolk.gov.uk)

West: 01284 741234 / [SENDWS@suffolk.gov.uk](mailto:SENDWS@suffolk.gov.uk)

## The eight locality-based Family Services Teams:

- Ensure that assessments, including Education, Health and Care Needs Assessments, are accurate and delivered within statutory timescales
- Guide children and young people with Education, Health and Care Plans and their families through their education and SEND journey
- Monitor the progress of children and young people with SEND in achieving outcomes from their Education, Health and Care Plans, to prepare them for adulthood, and offer guidance at times of transition
- Support children and young people with Education, Health and Care Plans who are at risk of, or who have been permanently excluded

## Team members will:

- Create trusting relationships with families by delivering what they agree to do
- Build effective communication and relationships with practitioners and education settings
- Enable families to feel able to discuss concerns and have confidence that appropriate action will be taken
- Be transparent and honest, giving clear overviews of the processes, procedures and decisions
- Be effective advocates for children, young people and families

For **mainstream schools, local alternative provision and specialist schools, settings and units**, your primary contacts will be the Family Services Co-ordinators and Assistant Co-ordinators. Contact details for each team, along with a list of the settings they cover are on the pages that follow.

The Family Services Managers and Lead Co-ordinators manage the teams and work with Independent Specialist providers, supporting the children and young people accessing these settings and their families.
