

Suffolk's SEND Strategy 2024-28

We are creating a new Strategy for children and young people with special educational needs and disabilities for 2024-28.

We want to know what you think should be included in our Strategy.

Please answer the questions on the next pages to tell us what you think.

Easy read booklet

We will know if we are doing well with our Strategy by:

- Children and young people with additional needs doing well in all parts of their lives
- Children, young people and their families telling us they can get the help they need when they need it
- Children, young people and their families telling us the help we give them is getting better
- Children, young people and their families telling us that they trust what we do

We know we can improve the lives of people who already use our services and decided that:

- **We want children and young people with additional needs to have all the opportunities they need to be happy, healthy and do well in life**
- **We want to make sure families can get the help they need when they need it**
